The Genoese mariner Christopher Columbus sailed westward on the Atlantic Ocean in 1492, famously determined to discover for Spain a shorter and more direct route to the riches of the Indies. Meanwhile, a fellow Italian explorer for hire, John Cabot, set off on his own journey, under England's flag.

Description. One of the great adventure tales of all time, this is the breathtaking story of Christopher Columbus, the canny and skillful Genoese sailor who set out to explore the Indies and discovered the New World instead! Columbus's journeys in tiny ships across thousands of miles of unknown oceans, battling all kinds of weather and often dealing with unruly crews, are among the most significant achievements of recorded history.

"Christopher Columbus, Mariner" by Samuel Eliot Morison

Although Columbus was stripped of his governorship, King Ferdinand not only granted the explorer his freedom but subsidized a fourth voyage." It is also worth note that Columbus' four voyages took him to the Caribean island, South America, and only as far North as the Yucatan in Mexico, but never close to the contiguous United States.
