New development and high-risk investing don't generate enough wealth to support itself, and cities continue to struggle. Read this book to find out how cities large and small can focus on bottom-up investments to minimize risk and maximize their ability to strengthen the community financially and improve citizens' quality of life. Develop in-depth knowledge of the underlying logic behind the “traditional” search for never-ending urban growth. Learn practical solutions for ameliorating financial struggles through low-risk investment and a grassroots focus. Gain
