an overview of diverse workplace initiatives beyond traditional preschool care. Partnership is a key theme, and the authors highlight the fruitfulness of collaborations that combine the resources and capabilities of different actors. Ten industrialized and developing countries are examined through a national overview on policies and facilities for childcare and the implications for working parents, followed by case studies of specific workplaces. The studies provide considerable detail on why the childcare support was started, how it is funded and managed, how various partners are involved, and the perspectives of workers and employers on the support provided. The book shows how support for childcare has been organized and funded in a variety of workplaces and the diversity of the partnerships that have evolved in both developing and industrialized countries. It will be a useful resource for

policymakers and workplace partners looking for practical ways to help working parents with their childcare needs.

The essence and success of *The Tao of Coaching* has always been its focus on the practical tips and techniques for making work more rewarding through the habit of coaching - and this philosophy continues to underpin this brand new reissue. The book's premise is simple: that to become an effective coach, managers and leaders need master only a few techniques, even though mastery obviously requires practice. Each chapter focuses on a specific technique - or Golden Rule - of coaching to help practice make perfect. Tried and tested by generations within and beyond the workplace, this succinct and engaging book gives readers the tools to: - create more time for themselves, by delegating well - build, and enjoy working

with, effective teams - achieve better results - enhance their interpersonal skills. It demonstrates that coaching is not simply a matter of helping others and improving performance, but is also a powerful force for self-development and personal fulfilment.

Annotation This book examines the value of employer-sponsored on-site child care programs to employees.

Education, business and human service settings are included in this revised edition of *How to Design a Program Evaluation*. Additional examples in these fields makes this volume more relevant to a wider audience in comparison with the first edition. Through the use of diagrams, step-by-step directions, flow charts, and extensive examples, the book shows how a variety of design options can be conceived

and implemented. Focusing on quantitative designs, it shows what to do when things go wrong and presents detailed methods for collecting, analyzing, and presenting data for each design.

Early childhood care and education (ECCE) settings offer an opportunity to provide children with a solid beginning in all areas of their development. The quality and efficacy of these settings depend largely on the individuals within the ECCE workforce. Policy makers need a complete picture of ECCE teachers and caregivers in order to tackle the persistent challenges facing this workforce. The IOM and the National Research Council hosted a workshop to describe the ECCE workforce and outline its parameters. Speakers explored issues in defining and describing the workforce, the marketplace of ECCE, the effects of the workforce on
