From Kevin Brockmeier, one of this generation's most inventive young writers, comes a striking new novel about death, life, and the mysterious place in between. The City is inhabited by those who have departed Earth but are still remembered by the living. They will reside in this afterlife until they are completely forgotten. But

the City is shrinking, and the residents clearing out. Some of the holdouts, like Luka Sims, who produces the City 's only newspaper, are wondering what exactly is going on. Others, like Coleman Kinzler, believe it is the beginning of the end. Meanwhile, Laura Byrd is trapped in an Antarctic research station, her supplies are running low, her radio finds only static, and the power is failing. With little choice, Laura sets out across the ice to look for help, but time is running out. Kevin Brockmeier alternates these two storylines to create a lyrical and haunting story about love, loss and the power of memory.

ALIVE IN THE DEATH ZONE: Mount Everest Survival, Lincoln Hall's story of climbing the world's highest mountain, being left for dead near the summit and his subsequent return to life and safety, is

an incredible and exciting adventure that will inspire anyone who reads it. It's a story of survival against all odds using sheer willpower, courage and determination. Early chapters give young readers an insight into why people climb mountains, Lincoln's early interest in them and the influences that led to his passion for climbing and his quest to climb the world's highest peak. It will then focus on the 2006 expedition when Lincoln reached the summit but was left for dead because he suffered cerebral oedema when he began his descent. Miraculously, after spending a perilous night on a knife-edge crest in the Death Zone, he was found the next morning and began the descent, only to be confronted with more dangers before he reached safety. Unbeknown to Lincoln, the world, including his family, had been told he was dead, and the miraculous story of his survival made worldwide headline news.

What if you could live again and again, until you got it right? On a cold and snowy night in 1910, Ursula Todd is born to an English banker and his wife. She dies before she can draw her first breath. On that same cold and snowy night, Ursula Todd is born, lets out a lusty wail, and embarks upon a life that will be, to say the least, unusual. For as she grows, she also dies, repeatedly, in a variety of ways, while the young century marches on towards its second cataclysmic world war. Does Ursula's apparently infinite number of lives give her the power to save the world from its inevitable destiny? And if she can -- will she? Darkly comic, startlingly

poignant, and utterly original -- this is Kate Atkinson at her absolute best.

In the tradition of Jon Krakauer ' s Into Thin Air, Nick Heil recounts the harrowing story of the deadly and controversial 2006 climbing season on Everest. In early May 2006, a young British climber named David Sharp lay dying near the top of Mount Everest while forty other climbers walked past him on their way to the summit. A week later, Lincoln Hall, a seasoned Australian climber, was left for dead near the same spot. Hall ' s death was reported around the world, but the next day he was found alive after spending the night on the upper mountain with no food and no shelter. If David Sharp ' s death was shocking, it was not singular: despite unusually good weather, ten others died attempting

to reach the summit that year. In this meticulous inquiry into what went wrong, Nick Heil tells the full story of the deadliest year on Everest since the infamous season of 1996. He introduces Russell Brice, the outfitter who has done more than anyone to provide access to the summit via the mountain 's north side – and who some believe was partially responsible for Sharp 's death. As more climbers attempt the summit each year, Heil shows how increasingly risky expeditions and unscrupulous outfitters threaten to turn Everest into a deadly circus. Written by an experienced climber and outdoor writer, *Dark Summit* is both a riveting account of a notorious climbing season and a troubling investigation into whether the pursuit of the ultimate mountaineering prize has spiralled out of control.

--Glamour It is the spring of 1939 and three generations of the Kurc family are doing their best to live normal lives, even as the shadow of war grows closer. The talk around the family Seder table is of new babies and budding romance, not of the increasing hardships threatening Jews in their hometown of Radom, Poland. But soon the horrors overtaking Europe will become inescapable and the Kurcs will be flung to the far corners of the world, each desperately trying to navigate his or her own path to safety. As one sibling is forced into exile, another attempts to flee the continent, while others struggle to escape certain death, either by working grueling hours on empty stomachs in the factories of the ghetto or by hiding as gentiles in plain sight. Driven by an unwavering will to survive and by the fear that they may never see one another again, the Kurcs must rely on hope, ingenuity, and inner strength to persevere. An
