THE 7 HABITS OF

Although we have been
successful in our careers,
they have not turned out

quite as we expected.

We both have changed positions several times- for all the right reasons- but there are no pension plans vesting on our behalf. Our retirement funds are growing only through our individual contributions. Michael and I have a wonderful marriage with three great children. As I write this, two are in

Access Free Descargar 365

college and one is just beginning high school. We have spent a fortune making sure our children have received the best education available. One day in 1996, one of my children came home disillusioned with school. He was bored and tired of studying.

“ Why should I put time into studying

subjects I will never use in real life? ” he protested. Without thinking, I responded, “ Because if you don't get good grades, you won't get into college. ”

“ Regardless of whether I go to college, ” he replied, “ I'm going to be rich. ”

The book provides detailed descriptions,

These include stocks, options, fixed income, futures, ETFs, indexes, commodities, foreign exchange, convertibles, structured assets, volatility, real estate, distressed assets, cash,
