15.431 Entrepreneurial Finance examines the elements of entrepreneurial finance, focusing on technology-based start-up ventures and the early stages of company development. The course addresses key questions which challenge all entrepreneurs: how much money can and should be raised; when should it be raised and from whom; what is a reasonable valuation of the company; and how should funding, employment contracts and exit decisions be structured.

Book Description This book examines the proliferation of new sources of entrepreneurial finance and how these sources have the potential to make it easier for ventures to raise capital and grow. To date, entrepreneurial finance literature has developed a rich tradition of research on venture capital and angel finance.

Entrepreneurial Finance: New Frontiers of Research and ...

In conclusion, entrepreneurial finance is heavily pro-cyclical in nature and this seems most pertinent for early-stage seed deals. Given the lack of previous work on this topic some have noted the need for more work to provide “ potential explanations for extremely pro-cyclical early-stage VC investments ” (Howell et al., 2020, p.
