Frustrated with the plethora of conflicting information on how to self-publish? Wouldn't it be wonderful to sit down with someone who has already made the mistakes, done the analysis, and will provide you the short cuts—the secrets about the things that work? Now you have that chance with the Career Author Secrets series. Indie Publishing (Self Publishing) has changed dramatically in the past five years. There are now new, easier tools to use for every part of the process—editing, formatting, distribution, sales, and analysis. This boxset contains three books. **Secrets Every Author Should Know: Publishing Basics** It contains everything a DIY author needs to get her book from manuscript to professional publication in both ebook and print, including: * Why books don't sell * Options for DIY or contracting professionals *The truth about ISBNs & Copyright Registration * Secrets for formatting your book the easy way * Creating book covers that sell * Making decisions about distribution **Secrets to Pricing and Distribution: Ebook, Print and Direct Sales** Once you have a finished book, you need to get it into readers' hands. Loading your book to a vendor looks deceptively easy. However, the career author knows that each vendor has its own methods for promoting books, performing searches, and identifying ready buyers. You need to take advantage of these differences in order to maximize your profits and discoverability. Capitalize on competitive retail pricing in different markets, and use effective metadata to draw more readers to your books. Learn to: * Write compelling book blurbs for each title that focus on "reader cookies" and • marketing. * Unlock keywords and get access to hidden category options. * Take advantage of search algorithm nuances at Amazon, Barnes and Noble, Kobo, and Apple. * Use aggregators to increase distribution opportunities around the world. * Evaluate opportunities for direct sales to bookstores and individual consumers. **Secrets to Effective Author Marketing: It's More Than 'Buy My Book'** This book provides specific techniques to exploit the value of your books without resorting to the typical overexposure in social media and newsletters with "Buy My Book" sales messaging. Instead, focus on the top three proven techniques that actually sell books. Follow step-by-step instructions and timelines to learn how to: 1) Create an Effective Plan for Communicating to Readers; 2) Use Social Media and Email lists to Engage with Your Readers; and 3) Plan for Effective Campaigns for both Book Launches and Backlist Rejuvenation throughout the year. In addition this book provides techniques to: * Distinguish specific groups of readers most likely to buy your novel or nonfiction book. * Understand your competition and the advantages that your book offers. * Clarify hooks that capture attention of the media, reviewers, and readers. * Identify where and how to reach readers, reviewers, and media. * Create and implement a consistent brand throughout all marketing efforts. * Effectively select, from 100+ options, the appropriate marketing tactics and timing that matches your book intentions and values. * Maximize organic reach and stay to a budget of less than \$100 per book campaign. * Develop a long-term online marketing plan.

Have you put your book out there and been disappointed in your sales? Perhaps you've tried a variety of marketing tactics to boost discoverability: blog posts, social media, book tours, paid ads in a variety of venues. But nothing is working. The publishing landscape changes every year. The number of books published has increased and the competition for readers is more than it has been before. The key is to define your audience and then convince those potential readers of the value of your book. Your marketing time and money should primarily be spent on a message of value—not price, not story, and not genre. This book provides specific techniques to exploit that value without resorting to the typical overexposure in social media and newsletters with "Buy My Book" sales messaging. Instead, focus on the top three proven techniques that actually sell books. Follow step-by-step instructions and timelines to learn how to: 1) Create an Effective Plan for Communicating to Readers; 2) Use Social Media and Email lists to Engage with Your Readers; and 3) Plan for Effective Campaigns for both Book Launches and Backlist Rejuvenation throughout the year. In addition this book provides techniques to: * Distinguish

Sometimes the truth is stranger than fiction, and *Secret Atlanta* is the right book to prove this over and over again. Beyond the standard Atlanta tourist attractions, visitors and natives will find a city full of secrets—in the history, art, culture, nature, and places that are just plain weird. Tour the most hidden spots in the metro area, or see the famous sites through a new lens. You'll find the answers to common questions, like why there are so many streets named "Peachtree." Don't miss Atlanta's more uncommon quirks too, such as the story behind the clergy parking spaces at one local bar. Whether you're a lifelong Atlantan or a first-time visitor, local writer Jonah McDonald will help you marvel at Atlanta's most obscure oddities. His adventures through the city might sound too interesting to be true—but you couldn't even make this stuff up if you tried.

Master the evergreen traffic strategies to fill your website and funnels with your dream customers in this timeless book from the \$100M entrepreneur and co-founder of the software company ClickFunnels. The biggest problem that most entrepreneurs have isn't creating an amazing product or service; it's getting their future customers to discover that they even exist. Every year, tens of thousands of businesses start and fail because the entrepreneurs don't understand this one essential skill: the art and science of getting traffic (or people) to find you. And that is a tragedy. *Traffic Secrets* was written to help you get your message out to the world about your products and services. I strongly believe that entrepreneurs are the only people on earth who can actually change the world. It won't happen in government, and I don't think it will happen in schools. It'll happen because of entrepreneurs like you, who are crazy enough to build products and services that will actually change the world. It'll happen because we are crazy enough to risk everything to try and make that dream become a reality. To all the entrepreneurs who fail in their first year of business, what a tragedy it is when the one thing they risked everything for never fully gets to see the light of day. Waiting for people to come to you is not a strategy. Understanding exactly WHO your dream customer is, discovering where they're congregating, and throwing out the hooks that will grab their attention to pull them into your funnels (where you can tell them a story and make them an offer) is the strategy. That's the big secret. Traffic is just people. This book will help you find YOUR people, so you can focus on changing their world with the products and services that you sell.
