This is the book you've been waiting for! Picking up where bestselling 90 Minutes in Heaven left off, Don Piper reveals for the first time the sacred, intimate details of the people who met him at the gates of heaven and the profound impact they had on his faith on earth. In this incredible follow-up to his eight-million-copy bestseller, 90 Minutes in Heaven, Don Piper shares untold stories about his encounters with people who greeted him at the gates of heaven, and offers powerful insights about the way for us to live our lives on earth. Don Piper's unforgettable account of a horrific car accident that took his life, and what happened next has riveted more than eight million readers. Something happened as he shared his story in the years since. Not only did Piper realize he had more to tell, he had yet to share the most sacred and intimate details of his time in heaven about the people who met him at the gates. "I have never left a speaking engagement without people wanting to know more," he said in THE PEOPLE I MET IN HEAVEN. Piper takes readers deeper into his experience, which includes never-before-told encounters with the people who met him when he arrived in heaven—those who helped him on his journey that led to the entrance to God's heavenly home. Even more, Piper recounts the majesty of heaven and the glorious reunion that awaits us there. He offers practical insights, inspiration, and a challenging call that while we're on earth we need to obey Jesus' command to "go and make disciples of all nations."

"Beautifully written, expertly researched and masterfully presented, this tour of how heaven has been understood throughout history is absolutely fascinating." —James Martin, SJ, author of Jesus: A Pilgrimage A smart and thought-provoking cultural history of heaven. What do we think of when we think about heaven? What might it look like? Who or what might be there? Since humans began to huddle together for protection thousands of years ago, these questions have been part of how civilizations and cultures define heaven, the good place beyond this one. From Christianity to Islam to Hinduism and beyond, from the brush of Michelangelo to the pen of Dante, people across millennia have tried to explain and describe heaven in ways that are distinctive and analogous, unique and universal. In this engrossing cultural history of heaven, Catherine Wolff delves into how people and cultures have defined heaven over the centuries. She describes how different faiths and religions have framed it, how the sense of heaven has evolved, and how nonreligious influences have affected it, from the Enlightenment to the increasingly nonreligious views of heaven today. Wolff looks deep into the accounts of heaven to discover what's common among them and what makes each conception distinct and memorable. The result is Beyond, an engaging, thoughtful exploration of an idea that is central to our humanity and our desire to define an existence beyond death.

This book is based on messages from Jesus and other Celestial spirits recorded by James Padgett between 1914 and 1920. Padgett, a lawyer in Washington, DC, is practically unknown, and yet recorded vitally important messages from Spirits who desire humanity to realize the truth about life and death that Christianity is not teaching. Jesus brings again the truths of his message and mission from his work on earth 2000 years ago. Dr. D. Samuels says about these messages: "Whatever one may believe regarding the source of these messages, the contents are so new and revolutionary, yet so compelling by their logic and sublime simplicity, that a serious study of them must be undertaken in order to comprehend their significance and challenge." Accept the challenge and investigate for your self the astounding good news of God's Great Love presented in these messages from heaven. God's Love is the Divine Love; it has real substance and when received into the soul will change the soul and complete our creation.

Jenny Scarlett found herself physically, mentally, and emotionally broken after developing multiple food intolerances, an autoimmune disease, and experiencing a number of miscarriages. Spurred on by her strong desire to heal, she found herself on a spiritual journey that led her to a two-way relationship with God. Within a few short weeks, she recovered. In Confessions of a Developing Angel, she shares how she grew her faith in God and discovered his universal laws, including: the law of compensation, the law of attraction, the law of cause and effect, the law of forgiveness and repentance, and the gift of free will. More importantly, she reveals how to engage in these laws to: heal yourself physically, mentally, emotionally, and spiritually; assist in the healing of loved ones; draw your soul mate closer to you; grow in unconditional love; and engage in a personal two-way relationship with God. The honest and humble account of her healing journey will help you recognise truths that can help you mend broken relationships, heal your mind, rebuild your body, and transform your life forever.

Corey Taylor has seen a lot of unbelievable things. The Grammy Award-winning singer of Slipknot and Stone Sour's curiosity has drawn him into situations that wouldâ€(tm)ve sent most people screaming scared and running for the hills. Coreyâ€(tm)s ballsy enough to go into the darkness and deal with the consequences though. As a result, heâ€(tm)s seen ghosts up close and personal, whether it be while combing through an abandoned house in his native Iowa as a child or recording an album in the fabled Houdini Hollywood Hills mansion. Heâ€(tm)s also got the memories (and scars) to prove it. For some reason, he canâ€(tm)t seem to shake these spectral stories, and that brings us to this little tome right here. . At the same time, being an erudite, tattooed, modern Renaissance Man, he never bought into the whole God thing. Simply put, heâ€(tm)s seen ghosts, but he hasnâ€(tm)t seen Jesus. Corey especially canâ€(tm)t find a reason why people do the insane things they do in HIS name. Thatâ€(tm)s where everything really gets interesting. His second book, A Funny Thing Happened on the Way to Heaven, compiles Coreyâ€(tm)s most intimate, incredible, and insane moments with the supernatural. His memories are as vivid as they are vicious. As he recounts these stories, he questions the validity of religious belief systems and two-thousand-year-old dogma. As always his rapid-fire writing, razor sharp sense of humour, unbridled honesty, and cosy anecdotes make quite the case for his point. You might end up believing him or not. Thatâ€(tm)s up to you, of course. Either way, youâ€(tm)re in for a hell of a ride.

It's obvious from the bookshelves and the big screen that heaven is on everyone's mind. All of us long to know what life after death will be like. Bestselling author John Burke is no exception. For decades, he has been studying accounts of people who have had near-death experiences (NDEs). While not every detail of individual NDEs correlate with Scripture, Burke shows how the common experiences shared by thousands of survivors clearly point to the God of the Bible and the exhilarating picture of heaven he promises. Imagine Heaven is an inspirational journey through the Bible's picture of heaven, colored in with the real-life stories of heaven's wonders. Burke compares gripping stories of NDEs to what Scripture says about our biggest questions of heaven: Will I be myself? Will I see friends and loved ones? What will it look like? What is God like? What will we do forever? What about children and pets? This book will propel readers into an experience that will forever change their view of the life to come and the way they live life today. It also tackles the tough questions of heavenly reward and hellish NDEs. Anyone interested in NDEs or longing to imagine heaven more clearly will enjoy this fascinating and hope-filled book.

Misthological Models Part 4 continues the evaluation of the Dillowan, Caulian, and Crawfordian models of the outer darkness. The Dillowan model had proposed that if New Jerusalem is literal, then the outer darkness is inside of New Jerusalem. This proposition was rejected in Part 1 of the series. However, whereas Cauley had originally posed that the outer darkness would not be applicable until the start of the millennial kingdom, Dillow had posed that the outer darkness would go into effect at the Bema. This Dillowan proposition was found attractive. A synthesis with the Caulian and Crawfordian model made this possible even during the intermediate state, locating the outer darkness outside rather inside of New Jerusalem. Part 2 discussed the location of New Jerusalem in relation to the multiverse. Part 3 defended the thesis that New Jerusalem will be the abode of the Bride of Christ, thus of faithful believers. Unfaithful believers will live somewhere in the kingdom outside of New Jerusalem. Part 4 concludes by posing the probable location of the outer darkness in relation to the multiverse and New Jerusalem. This proposition regarding the location of New Jerusalem and the outer darkness is evaluated in Part 4 against NDEs (near death experiences), visions, and dreams. Of course, such extrabiblical sources cannot necessarily be taken at face value. For example, they are sometimes contradictory. Nevertheless, analyzing such data against a biblical grid in Part 4 allows plausible models for biblical consideration. These models are then submitted to a biblical analysis in Part 4, including interaction with several commentators. The conclusion is that misthology (and thus the outer darkness) has immediate (and therefore intermediate) applicability; namely, faithful believers have residency in New Jerusalem (even now), but unfaithful believers do not.
