Ellen Wittlinger: Hard Love

Hard Love is a beautiful, heartbreaking, thought-provoking love story between two teenagers. The biggest catch though, is that one of them is gay. John knows Marisol is gay because of the zines (self-produced magazines) she writes. Her zines are full of wit, sarcasm, and brutal honesty.

Hard Love Introduction | Shmoop

By Ellen Wittlinger. Previous Next . Hard Love Summary. Meet high school junior John Galardi, Jr., a dude who's cynical to a fault, immune to emotion, and hates his parents. They got divorced when he was a kid and ever since, his mom has been depressed and won't touch him—no really, no contact—and his dad is even worse. The guy ran out on them and doesn't want a family, but takes him out ...

With keen insight into teenage life, Ellen Wittlinger delivers a story of adolescence that is fierce and funny -- and ultimately transforming -- even as it explores the pain of growing up. Since his parents' divorce, John's mother hasn't touched him, her new fiancé wants them to move away, and his father would rather be anywhere than at Friday night dinner with his son. It's no wonder John writes articles like "Interview with the Stepfather" and "Memoirs from Hell." The only release he finds is in homemade zines like the amazing Escape Velocity by Marisol, a self-proclaimed "Puerto Rican Cuban Yankee Lesbian." Haning around the Boston Tower Records for the new issue of Escape Velocity, John meets Marisol and a hard love is born. While at first their friendship is based on zines, dysfunctional families, and dreams of escape, soon both John and Marisol begin to shed their protective shells. Unfortunately, John mistakes this growing intimacy for love, and a disastrous date to his junior prom leaves that friendship in ruins. Desperately hoping to fix things, John convinces Marisol to come with him to a zine conference on Cape Cod. On the sandy beaches by the Bluefish Wharf Inn, John realizes just how hard love can be.

After starting to publish a 'zine in which he writes his secret feelings about his lonely life and his parents' divorce, sixteen-year-old John meets an unusual girl and begins to develop a healthier personality.

One summer can change everything... Kenyon Baker is not happy about moving to Cape Cod halfway through high school, but his parents have decided to retire there to run a summer cottage colony. At least they'll let him have his own darkroom, provided he helps prepare the colony for guests. The early hours and hard work compound Ken's unhappiness, but just when he thinks he'll never make it through the summer, he meets Razzle Penney. Skinny, buzz-cut Razzle isn't afraid to act differently from everyone else, and she simultaneously becomes Ken's friend and his muse, as he takes a series of inspiring photos of her. However, Razzle also introduces Ken to beautiful, aggressive Harley, causing a rift in their friendship. Just when it seems things can't get more complicated, Razzle's mother breezes into town, and Razzle learns more about her past than she wants to know....

Told entirely via email, instant messages, letters, and postcards, this novel tells of two teens' long-distance relationship after they meet at a college visit during senior year of high school. "I'm not picking Cartwright just because I met Julian there. For all I know he'll change his mind and not even go! Although that would be a shame because I want him to be the father of my firstborn child. KIDDING! :-}" While on a college visit, Chloe meets Julian, another prospective freshman, and infatuated, the two high school seniors begin a long-distance relationship. Chloe is thrilled that she'll have a boyfriend at college, although she doesn't know how to break the news to Eli, her best friend whom she's sort of dating. As Chloe and Julian prepare to meet again, they must face the question of whether their relationship is based on who they really are or who they imagine each other to be.

Angela Katz-McNair has never felt quite right as a girl, but it's a shock to everyone when she cuts her hair short, buys some men's clothes, and announces she'd like to be called by a new name, Grady. Grady is happy about his decision to finally be true to himself, despite the practical complications, like which gym locker room to use. And though he didn't expect his family and friends to be happy about his decision, he also didn't expect kids at school to be downright nasty about it. But as the victim of some cruel jokes, Grady also finds unexpected allies in this thought-provoking novel that explores struggles any reader can relate to.

Tackling divorce and suicide with a warmth and sensitive humor that refuses to be weighed down, *Someone Else's Shoes* chronicles a road trip that unites three young people in search of family and acceptance. Fans of Sharon Draper, Jo Knowles and *Counting by Sevens* will be moved by this tale of what brings us together when things fall apart. Twelve-year-old Izzy, a budding stand-up comic, is already miserable about her father's new marriage and the new baby on the way. Then ten-year-old cousin Oliver and his father, Uncle Henderson, move in with Izzy and her mom because Oliver's mother committed suicide only a few months ago. And to make matters worse, Ben, the rebellious 16-year-old son of Izzy's mother's boyfriend, winds up staying with them, too. But when Uncle Henderson--who has been struggling with depression after his wife's suicide--disappears, Ben, Izzy, and Oliver set aside their differences and hatch a plan to find him. As the threesome travels in search of Henderson, they find a surrogate family in each other.

What do you say to someone whose mother is dying? Nathan and his adorable little sister just moved in across the street from Liz Scattergood, and both of them could use a friend. Liz just isn't sure she's the right person. Liz has been coping with tough questions all summer. Ever since Liz's grandmother Bunny died, Liz's mother hasn't been the same; she's even started attending a spiritualist church that claims it can contact Bunny on the Other Side. Liz isn't sure she believes it, but she does know the service gives her mother comfort -- something no one else can seem to do at all. As Liz and Nathan become closer, and the summer draws nearer to its bitter end, questions of faith, mortality, and spirituality come to the forefront of their intimate friendship. There are no easy answers, but together they may nonetheless find hope, comfort, and love.

"You shouldn't expect much of him. He's...he's damaged." Damaged. What a horrible word. Like a car after a wreck...It was how I'd been feeling myself. Slightly ruined, a big mess. Lately there have been a lot of guys in Sandpiper's life. In the past year, she's gone through eight or nine different boyfriends -- if you can call them that. She knows the boys are only using her for one thing, but she is using them, too. The Walker is different from the others. He is kind and gentle. Mysterious. And most of all, he is the first guy who doesn't want Sandy for all the usual reasons. In fact, she's not sure if he wants her for any reason. But she knows she wants to be around him. He makes her feel safe, when all the other parts of her life -- like her family and friends -- just make her feel awful. And when one of Sandy's exes starts harassing her, the Walker may be the only person who can help Sandy confront her uneasy past -- and steady herself for a different future.

A fifteen-year-old girl and her new thirteen-year-old male neighbor find their friendship deepening into a romance as they work on writing and filming a screenplay together.
