Babies as snoozing hedgehogs. Babies as beatific butterflies. Babies as tiny fairies dwelling in a magical garden. These are the inhabitants of Anne Geddes' gorgeous book *Down in the Garden*, an extraordinary ode to tiny babies and the enchantment they bring to life. In *Down in the Garden*, the world-famous photographer has captured newborns in a variety of mythical poses: brightly colored flowers with babies peeking out from behind them, sleeping babies snuggled inside bright green peapods, sprightly gnomes with darling baby faces. All come together to make Geddes' *Down in the Garden* an artistic masterpiece unlike any other. This small hardcover edition of *Down in the Garden* features all the striking images from the internationally best-selling full-size volume in a more intimate, gift-size package. Complemented by gently humorous text, the images in *Down in the Garden* reflect Geddes' appreciation for the beauty and innocence of babies. Her unique imagery immediately communicates her deep and abiding love of children in a universal language understood by people everywhere.
