Other Electricities Stories

OTHER ELECTRICITIES is a story collection crackling with light, heat, and—well—lots of snow and broken ice. It's logical to assume that a story collection from the editor of DIAGRAM isn't likely to be any old story collection. The short answer is that it isn't.

Other Electricities by Ander Monson - Goodreads

Other electricities : stories. [Ander Monson] -- Presents a collection of short stories that chart the fictional communities collective loss of memory where weather, landscape, radio waves, and electricity play important roles as characters.

Other electricities : stories (Book, 2005) [WorldCat.org]

Other Electricities is based on experiences Monson had as a child growing up on the Upper Peninsula of Michigan. The novel focuses on the characters and their interactions with one another in a small town in Upper Michigan. Much of the book revolves around the central character "Yr Protagonist" and his interactions with his friends and family.

Other Electricities is like no other book I've ever read. It's not quite a novel, but it's also not quite a short story collection. It's somewhere in between - a group of essays and short stories that all interplay with each other; all create another piece of a grand novel. It's a series that is bound by one theme - the lives of a ...

Unlimited [Mystery Book] Other Electricities - by Ander Monson

Uncompromising, hypnotic and darkly humorous, *Other Electricities* charts a new and strange direction in American fiction. "Like Franklin's discovery of the electricity we do know, Monson's luminous, galvanized book represents a paradigm shift. The frequencies of the novel have been scrambled and redefined by this elegant experiment.

Other Electricities: Stories

Other Electricities is necessary reading."--Robert Olen Butler Meet "Yr Protagonist": radio amateur, sometime vandal and "at times, perhaps the author" of Monson's category-defying collection: I know about phones. While our dad was upstairs broadcasting something to the world, and we were listening in, or trying to find his frequency and listen to his voice . . . we would give up and go out in the snow with a phone rigged with alligator clips so we could listen in on others' conversations.
