Perspectives on Discourse Analysis: Theory and Practice ...

Book Description. Perspectives on Discourse Analysis: Theory and Practice provides the student/reader with the basic theoretical knowledge and the empirical tools of some of the most relevant approaches to the analysis of discourse. It has been mainly conceived of as a general (university) course on Discourse Analysis, but it can also be useful for any person or group whose main concern is to acquire the basic necessary knowledge and skills for analyzing any type of discourse.

Perspectives On Discourse Analysis Theory And Practice ...

Reviews. Preview. Discourse Analysis as Theory and Method is a systematic introduction to discourse analysis as a body of theories and methods for social research. It brings together three central approaches, Laclau and Mouffe's discourse theory, critical discourse analysis and discursive psychology, in order to establish a dialogue between different forms of discourse analysis often kept apart by

disciplinary boundaries.

Discourse Analysis as Theory and Method | SAGE ...

Political discourse analysis is a field of discourse analysis which focuses on discourse in political forums (such as debates, speeches, and hearings) as the phenomenon of interest. Policy analysis requires discourse analysis to be effective from the post-positivist perspective.

Perspectives on Discourse Analysis: Theory and Practice ...

Some versions of this method stress the genealogical application of discourse analysis to illustrate how discourse is produced to govern social groups. The method analyses how the social world, expressed through language, is affected by various sources of power. As such, this approach is close to social constructivism, as the researcher tries to understand how our society is being shaped (or constructed) by language, which in turn reflects existing power relationships.

Foucauldian discourse analysis - Wikipedia

Dialectic or dialectics (Greek: ??????????, dialektik?; related to dialogue), also known as the dialectical method, is at base a discourse between two or more people holding different points of view about a subject but wishing to establish the truth through reasoned methods of argumentation. Dialectic resembles debate, but the concept excludes subjective elements such as emotional ...
