A New Vision of Inclusive Leadership What makes someone a leader? Someone you vote for, work for, or listen to for their expertise? With Step Up, equality advocate Ash Beckham challenges us to embrace a different vision of leadership—to stop focusing on external authorities and start reclaiming our own ability to create change. “ What we need most are everyday leaders, ” she writes. “ We need people to step up and be the change they wish to see in the world. Anyone can do it. You can do it. ” Whether your path involves activism, political engagement, or simply being a positive voice in your workplace, home, and community, Beckham ’ s Step Up provides essential guidance on cultivating the eight pillars of everyday leadership: •

Empathy—the art of relating to others with compassion for our shared humanity, regardless of whether we agree • Responsibility—how we can raise our awareness and consciously choose to behave in ways that heal instead of harm • Courage—understanding the nature of fear so we can move beyond our comfort zone one step at a time • Grace—how keeping our higher purpose always in sight helps us stop reacting with fear or anger • Individuality—learning to value and celebrate our uniqueness, including the parts of ourselves we often reject • Humility—ways to keep the ego in check and open the door to honest, collaborative relationships • Patience—guidance for disarming our tendency to rush ahead so we can act with greater deliberation and forethought • Authenticity—how we can embody our deepest truths and lead by example in any situation For each pillar, Beckham shares engaging stories of her own journey from isolation and anger to a place of greater openness and connection—supported by scientific research and everyday practices to mindfully change the way you relate to yourself and the people in your life. Step Up is a powerful call to action—to speak when it feels easier to be silent, to do good without being self-righteous, and to create a world of inclusion where everyone has a voice and everyone belongs.

In his bestselling book *The Five Secrets You Must Discover Before You Die*, John Izzo tackled the secrets to lifelong happiness. Now he gives readers the key to a great career, a great workplace, better relationships, and a better world. *Stepping Up* argues that almost every problem, from personal difficulties and business challenges to social issues, can be solved if all of us look to ourselves to create change rather than looking to others. By seeing ourselves as agents of change we feel happier, less stressed, and more powerful. Izzo offers seven compelling principles that enable anyone, anywhere, anytime to effectively bring about positive change. And the book is filled with stories that will inspire you: a middle-aged Italian shopkeeper who fought back against the Mafia, two teenagers who took a stand and ignited an antibullying movement, an executive

who turned a dying division into a profit center, and many more. We all have the power to change the world—John Izzo shows us how.

#1 NEW YORK TIMES BESTSELLER • Bren é Brown has taught us what it means to dare greatly, rise strong, and brave the wilderness. Now, based on new research conducted with leaders, change makers, and culture shifters, she ’ s showing us how to put those ideas into practice so we can step up and lead. Look for Bren é Brown ’ s new podcast, Dare to Lead, as well as her ongoing podcast Unlocking Us! NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BLOOMBERG Leadership is not about titles, status, and wielding power. A leader is anyone who takes responsibility for recognizing the potential in people and ideas, and has the courage to develop that potential. When we dare to lead, we don ’ t pretend to have the right answers; we stay curious and ask the right questions. We don ’ t see power as finite and hoard it; we know that power becomes infinite when we share it with others. We don ’ t avoid difficult conversations and situations; we lean into vulnerability when it ’ s necessary to do good work. But daring leadership in a culture defined by scarcity, fear, and uncertainty requires skill-building around traits that are deeply and uniquely human. The irony is that we ’ re choosing not to invest in developing the hearts and minds of leaders at the exact same time as we ’ re scrambling to figure out what we have to offer that machines and AI can ’ t do better and faster. What can we do better? Empathy, connection, and courage, to start. Four-time #1 New York Times bestselling author Bren é Brown has spent the past two decades studying the emotions and experiences that give meaning to our lives, and the past seven years working with transformative leaders and teams spanning the globe. She found that leaders in organizations ranging from small entrepreneurial startups and family-owned businesses to nonprofits, civic organizations, and Fortune 50 companies all ask the same question: How do you cultivate braver, more daring leaders, and how do you embed the value of courage in

your culture? In this new book, Brown uses research, stories, and examples to answer these questions in the no-BS style that millions of readers have come to expect and love. Brown writes, “ One of the most important findings of my career is that daring leadership is a collection of four skill sets that are 100 percent teachable, observable, and measurable. It ’ s learning and unlearning that requires brave work, tough conversations, and showing up with your whole heart. Easy? No. Because choosing courage over comfort is not always our default. Worth it? Always. We want to be brave with our lives and our work. It ’ s why we ’ re here. ” Whether you ’ ve read *Daring Greatly* and *Rising Strong* or you ’ re new to Bren é Brown ’ s work, this book is for anyone who wants to step up and into brave leadership.

How do you define leadership? What kind of leader are you? What kind of leader can you be? Can you be both a leader and a follower? You can get a handle on these and other crucial questions by wrapping your brain around *Leadership 101*. It focuses on the nuts and bolts of solid Christian leadership (prayer, service, communication, conflict management, mentoring, etc.) but also goes deep into the soul of leadership. In these pages you ’ ll find out why leading isn ’ t always what we expect—and how leaders aren ’ t always who we expect them to be. You ’ ll learn to integrate your heart with the skills of leadership. And you ’ ll discover how Jesus, David, and others journeyed on the leadership path—so you can join them, too. This interactive guide also includes checklists, surveys, fill-in-the-blank questions, and journal exercises so you can take your own leadership pulse, identify the traits you want to live out, and record your thoughts and prayers right on the pages—which helps you put leadership into practice more quickly and effectively. Just remember: Leadership isn ’ t a job...it ’ s a journey.

In this honest guide meant for young men and those who mentor them, leadership coach Daniel Allen shares

Herminia Ibarra—an expert on professional

leadership and development and a renowned professor at INSEAD, a leading international business school—shows how managers and executives at all levels can step up to leadership by making small but crucial changes in their jobs, their networks, and themselves. In *Act Like a Leader, Think Like a Leader*, she offers advice to help you:

- Redefine your job in order to make more strategic contributions
- Diversify your network so that you connect to, and learn from, a bigger range of stakeholders
- Become more playful with your self-concept, allowing your familiar—and possibly outdated—leadership style to evolve

Ibarra turns the usual “think first and then act” philosophy on its head by arguing that doing these three things will help you learn through action and will increase what she calls your *outsight*—the valuable external perspective you gain from direct experiences and experimentation. As opposed to *insight*, *outsight* will then help change the way you think as a leader: about what kind of work is important; how you should invest your time; why and which relationships matter in informing and supporting your leadership; and, ultimately, who you want to become. Packed with self-assessments and practical advice to help define your most pressing leadership challenges, this book will help you devise a plan of action to become a better leader and move your career to the next level. It’s time to learn by doing.
