This handbook is the fourth in a series of joint publications by the European Travel Commission (ETC) and the World Tourism Organization (UNWTO) in the area of methodological manuals. The first three manuals were "Evaluating NTO Marketing Activities" (ISBN 9789284406364); "Tourism Market Segmentation" (ISBN 9789284412075) and "Tourism Forecasting Methodologies" (ISBN 9789284412389). The internet and other new technologies have changed the tourism industry in an unprecedented way, and keeping pace has become challenging. Online information is now one of the primary influences on consumer decisions in nearly all major markets. For example, 41 per cent of tourists arriving in Spain in 2007 had booked through the internet, and in the United States the number of trips bought online exceeded those purchased offline. Such changes are impacting and influencing the way destinations and companies manage and market themselves.

A masterpiece of Biblical scope, and the magnum opus of one of America's most enduring authors, in a commemorative hardcover edition In his journal, Nobel Prize winner John Steinbeck called *East of Eden* "the first book," and indeed it has the primordial power and simplicity of myth. Set in the rich farmland of California's Salinas Valley, this sprawling and often brutal novel follows the intertwined destinies of two families—the Trasks and the Hamiltons—whose generations helplessly reenact the fall of Adam and Eve and the poisonous rivalry of Cain and Abel. The masterpiece of Steinbeck's later years, *East of Eden* is a work in which Steinbeck created his most mesmerizing characters and explored his most enduring themes: the mystery of identity, the inexplicability of love, and the murderous consequences of love's absence. Adapted for the 1955 film directed by Elia Kazan introducing James Dean, and read by thousands as the book that brought Oprah's Book Club back, *East of Eden* has remained vitally present in American culture for over half a century.
